

Two Person Love Seats

50"L x 32"D x 38"H

Our Love Seats are the perfect spot to read to a child, or stretch out with a good book. Extremely comfortable and well built, with attractive styling from all sides. "Tales of the Klondyke" is built just like our other Love Seats, with a little more detail. Beautifully tooled-leather look on the arms, coordinating corner accents, and parchment pages rather than white, come together for an antique appearance.
