

# Connect Freestanding Lounge Features and Options

## To order, specify:

1. Model number
2. Frame Finish
3. Fabric pattern name and color
4. Trim color - black (**B**), coffee (**C**) or silver (**S**)
5. Optional power center (**EC3**); Add \$264 list each and indicate location in left or right arm or center console
7. Optional drink holder (**DH**):
  - Left or right arm comes standard with **one** drink holder per arm; Add \$71 list each and indicate location
  - Center consoles come standard with **two** drink holders; Add \$142 list
8. Optional tablet arm - indicate left (**TBL**) or right arm (**TBR**); Add \$409 list

**Contrasting upholstery** - Units can be specified with a contrasting upholstery feature. When this feature is desired the unit **will be priced based on the higher grade fabric** selected for the seat, back or arms.

When specifying contrasting upholstery, indicate clearly the upholstery to be applied to the seat, back and arms.

## Features:

**Wood back rail** - For added elegance when positioning the “Freestanding” Connect Lounge units in an open setting. The 6” tall wood back rail enhances the back detail as you approach the units from the rear profile.

When specifying model numbers beginning with “CT96”, the wood back rail is included.

(See pages 79 and 80)

**Connect benches and modular components do not include the wood back rail.**

**Wood Base Platform**- Constructed of 1 ¼” thick Maple rails. Available in JSI finishes.

**Metal Legs**- 1 ¾” x 1 ¾” x 8 ¼” steel tube with metal leveling glide. Available in trim color - black (**B**), coffee (**C**) or silver (**S**) powdercoat.

**Tables**- Center consoles are made of plywood construction with maple veneer surfaces with 1¼” thick Maple rail base platform. Available in JSI finishes.

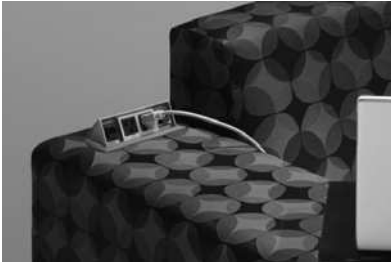

## Options:

**Tablet Arm**- The tablet arm selection can provide a surface for paperwork or a laptop computer in a Connect unit with an arm. The tablet arm features a mechanism that will rotate 360° with a detent to stop the 10” x 18” surface over the top of 10” arm units.

• **Specify tablet arm option left (TBL) or right (TBR) and add \$409 list for each tablet arm specified.**

# Connect Freestanding Lounge Options - Cont'

**Power Center** - Units with an arm or console can be specified with the power center option. The power center features a touch tilt up release for access to two power and data outlets. Power is connected to building supply with a standard three prong plug. Adapter kits supplied for most data jack manufacturers. Access and storage of excess power and data wires is provided in the base of the arm or console.

**Adapter Kit**

**Power center (EC3)** - (add \$264 list each and indicate location in left or right arm or center console)

**NOTE: When trim color black (B) or coffee (C) are selected, power centers are black; when silver (S) is selected, power centers are silver.**

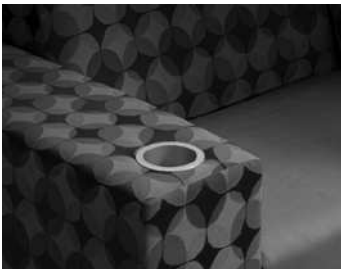

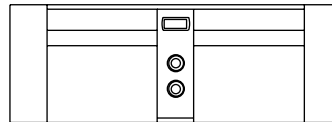

## Standard Option Locations:

**10" Arm:** Power Center -back facing front  
Drink Holder - front

## 10" Center Console:

Power Center -back facing front  
Drink Holder - front and center

**Drink Holder-** Units with an arm or console can be specified with the drink holder option. The drink holder features a plastic base with rubber coaster and a metal trim cap.

### Drink holder (DH):

- Left or right arm with **one** drink holder per arm  
- (add \$71 list each and indicate location)
- Console table or end table with **two** drink holders.  
- (add \$142 list)

**NOTE: Metal trim cap color matches trim color selection; black (B), coffee (C) or silver (S)**

# Connect Freestanding Lounge - 10" Arm/30" Seat Module

**Connect Lounge features the wood back rail for added elegance.**

Expertly designed for large open spaces or cozy corridors. Connect Modular Lounge easily connects waiting with working and comfort with collaborating. Choose from unique interchangeable lounge pieces with 10/30 (10" arms/30" seat) for a bold architectural statement. Designed by David Gutgsell exclusively for JSI.

**Finish Options**

**Cherry**

- CC Classic Cherry
- VC Vintage Cherry
- NC Natural Cherry
- LC Light Cherry
- EC Ember Cherry

**Mahogany**

- MM Medium Mahogany
- WM Windsor Mahogany
- Maple**
- NM Natural Maple
- CM Caramel Maple

**Walnut**

- TW Traditional Walnut
- RW Royal Walnut
- DW Dark Walnut
- VW Vintage Walnut

**Specifications**

- Wood Species: kiln dried Maple
- Seat has sheet webbing with cross strip webs, 4 1/4 high density polyurethane
- Back has sheet webbing with cross strip webs, 6 1/4 high density polyurethane
- Plywood construction with locking tennons, glue and screws

**To order, specify:**

1. Model number
  2. Frame finish
  3. Fabric pattern name and color
  4. Trim Color - black (B), coffee (C) or silver (S)
  5. Optional power center (EC3); Add \$264 list and indicate location in left or right arm or center console
  7. Optional drink holder (DH); Add \$71 list and indicate location in left or right arm; Add \$142 list, located in center console
  7. Optional tablet arm - indicate left (TBL) or right arm (TBR); Add \$409 list
- Note: For option details see pages 77-78**

# Connect Modular Features and Options

## To order, specify:

1. Model number
2. Frame Finish
3. Fabric pattern name and color
4. Trim color - black (B), coffee (C) or silver (S)
5. Optional power center (EC3); Add \$264 list each and indicate location in left or right arm, center console or end table
6. Optional drink holder (DH):
  - Left or right arm comes standard with **one** drink holder per arm; Add \$71 list each and indicate location
  - Console, end table or console table comes standard with **two** drink holders; Add \$142 list
7. Optional tablet arm - indicate left (TBL) or right arm (TBR); Add \$409 list

**Closed**

**Open**

**Ganging Device:** Each Connect Modular Component unit includes a ganging device, providing quick connection to form limitless configurations.

When specifying Modular Component model numbers beginning with “CT93” or “CT95”, the necessary ganging device is included.

(See pages 86-99)

**Contrasting upholstery** - Units can be specified with a contrasting upholstery feature. When this feature is desired the unit **will be priced based on the higher grade fabric** selected for the seat, back or arms.

When specifying contrasting upholstery, indicate clearly the upholstery to be applied to the seat, back and arms.

**Wood Base Platform-** Constructed of 1 ¼” thick Maple rails. Available in JSI finishes.

**Metal Legs-** 1 ¾” x 1 ¾” x 8 ¼” steel tube with metal leveling glide. Available in trim color - black (B), coffee (C) or silver (S) powdercoat.

**Tables-** Center consoles, linking console tables and end tables are made of plywood construction with maple veneer surfaces with 1 ¼” thick Maple rails base platform. Available in JSI finishes.

## Option:

**Tablet Arm-** The tablet arm selection can provide a surface for paperwork or a laptop computer in a Connect unit with an arm. The tablet arm features a mechanism that will rotate 360° with a detent to stop the 10” x 18” surface over the top of 10” arm units.

- **Specify tablet arm option left (TBL) or right (TBR) and add \$409 list for each tablet arm specified.**

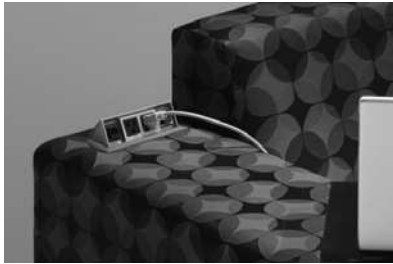

**Drink Holder-** Units with an arm, console, end table or linking console table can be specified with the drink holder option. The drink holder features a plastic base with rubber coaster and a metal trim cap.

## Drink holder (DH):

- Left or right arm with **one** drink holder per arm
  - (add \$71 list each and indicate location)
- Console table or end table with **two** drink holders.
  - (add \$142 list)

**NOTE: Metal trim cap color matches trim color selection; black (B), coffee (C) or silver (S)**

# Connect Modular Features and Options

**Power Center** - Units with an arm or console can be specified with the power center option. The power center features a touch tilt up release for access to two power and data outlets. Power is connected to building supply with a standard three prong plug. Adapter kits supplied for most data jack manufacturers. Access and storage of excess power and data wires is provided in the base of the arm or console.

**Adapter Kit**

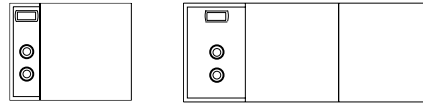

**Power center (EC3)** - (add \$264 list each and indicate location in left or right arm or center console)

**NOTE:** When trim color black (B) or coffee (C) are selected, power centers are black; when silver (S) is selected, power centers are silver.

## Standard Option Locations:

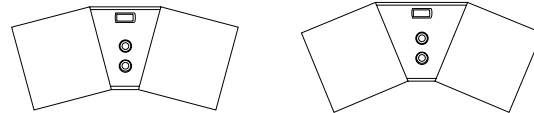

### 10" and 20" End Table:

Power Center -back facing front  
 Drink Holder - front and center

### 30° and 45° Console Table:

Power Center - back facing front  
 Drink Holder - front and center

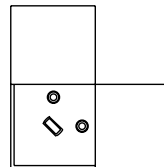

**30° Console Table**

**45° Console Table**

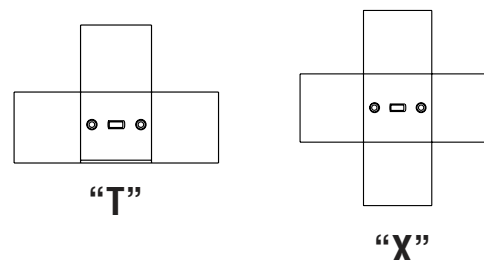

### 90° "L" Console Table:

Power Center - center facing diagonal corner  
 Drink Holder - center of linking edge

### 90° "T" and "X" Console Table:

Power Center - center facing seats  
 Drink Holder - center of linking edge

**"T"**

**"X"**

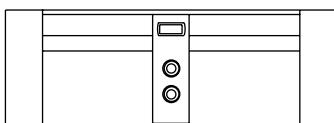

## Standard Option Locations:

**10" Arm:** Power Center -back facing front  
 Drink Holder - front

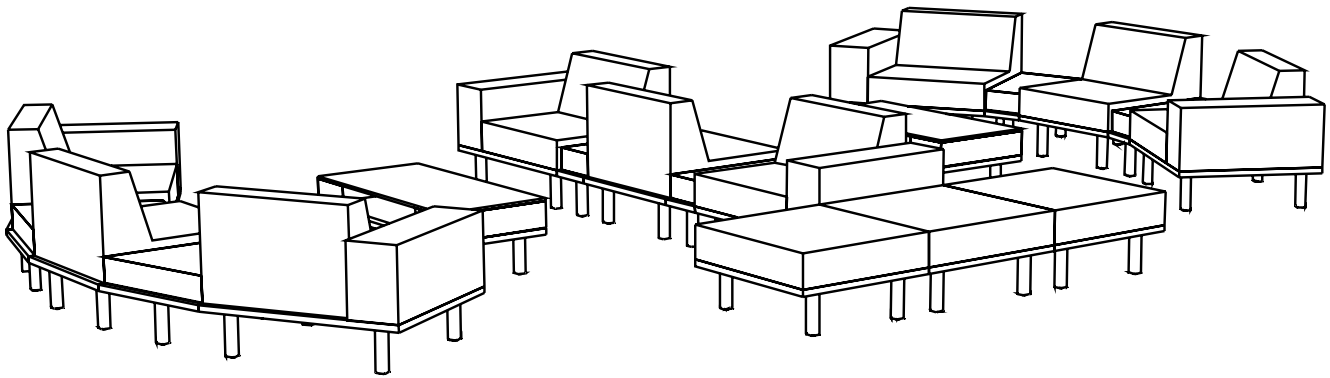

### 10" & 20" Center Console:

Power Center -back facing front  
 Drink Holder - front and center

# Connect Modular Components- Linking Components-Benches

Connect Modular Linking Components provide added functionality to any configuration. Linking components allow the addition of a bench seat to change direction or turn a corner. These items limit the number of additional legs required, while adding functionality to the configuration. Designed by David Gutsell exclusively for JSI.

## Specifications

- Wood Species: kiln dried Maple
- Seat has sheet webbing with cross strip webs, 4 1/4 high density polyurethane
- Plywood construction with locking tennons, glue and screws

# Connect Modular Components- Linking Components-Console Tables

Connect Modular Linking Components provide added functionality to any configuration. Linking components allow the addition of a table to change direction or turn a corner. These items limit the number of additional legs required, while adding functionality to the configuration. Designed by David Gutgsell exclusively for JSI.

### Specifications

- Wood Species: kiln dried maple and maple veneer
- Plywood construction with locking tenons, glue and screws

### Finish Options

#### Cherry

- CC Classic Cherry
- VC Vintage Cherry
- NC Natural Cherry
- LC Light Cherry
- EC Ember Cherry

#### Mahogany

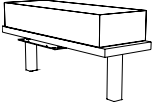

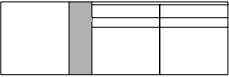

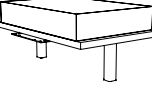

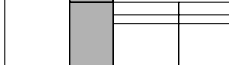

- MM Medium Mahogany

Connect Freestanding Lounge  
5" Arm/20" Seat Module

# Connect Freestanding Lounge Features and Options

## To order, specify:

1. Model number
2. Frame Finish
3. Fabric pattern name and color
4. Trim color - black (**B**), coffee (**C**) or silver (**S**)
5. Optional power center (**EC3**); Add \$264 list each and indicate location in left or right arm or center console
7. Optional drink holder (**DH**):
  - Left or right arm comes standard with **one** drink holder per arm; Add \$71 list each and indicate location
  - Center consoles come standard with **two** drink holders; Add \$142 list
8. Optional tablet arm - indicate left (**TBL**) or right arm (**TBR**); Add \$409 list

**Contrasting upholstery** - Units can be specified with a contrasting upholstery feature. When this feature is desired the unit **will be priced based on the higher grade fabric** selected for the seat, back or arms.

When specifying contrasting upholstery, indicate clearly the upholstery to be applied to the seat, back and arms.

## Features:

**Wood back rail** - For added elegance when positioning the “Freestanding” Connect Lounge units in an open setting. The 6” tall wood back rail enhances the back detail as you approach the units from the rear profile.

When specifying model numbers beginning with “**CT96**”, the wood back rail is included. (See pages 103-105)

**Connect benches and modular components do not include the wood back rail.**

**Wood Base Platform-** Constructed of 1 ¼” thick Maple rails. Available in JSI finishes.

**Metal Legs-** 1 ¾” x 1 ¾” x 8 ¼” steel tube with metal leveling glide. Available in trim color - black (**B**), coffee (**C**) or silver (**S**) powdercoat.

**Tables-** Center consoles are made of plywood construction with maple veneer surfaces with 1¼” thick Maple rail base platform. Available in JSI finishes.

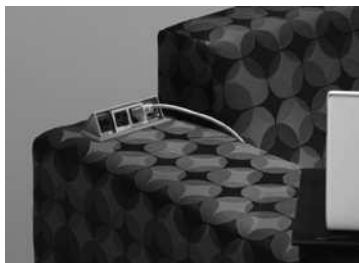

## Options:

**Tablet Arm-** The tablet arm selection can provide a surface for paperwork or a laptop computer in a Connect unit with an arm. The tablet arm features a mechanism that will rotate 360° with fold down storage when not in use and a 10” x 18” surface.

• **Specify tablet arm option left (TBL) or right (TBR) and add \$409 list for each tablet arm specified.**

# Connect Freestanding Lounge Options - Cont'

**Power Center** - Units with an arm or console can be specified with the power center option. The power center features a touch tilt up release for access to two power and data outlets. Power is connected to building supply with a standard three prong plug. Adapter kits supplied for most data jack manufacturers. Access and storage of excess power and data wires is provided in the base of the arm or console.

**Adapter Kit**

**Power center (EC3)** - (add \$264 list each and indicate location in left or right arm or center console)

**NOTE: When trim color black (B) or coffee (C) are selected, power centers are black; when silver (S) is selected, power centers are silver.**

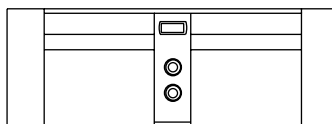

## Standard Option Locations:

**5" Arm:** Power Center - mid-section facing seat  
 Drink Holder - front

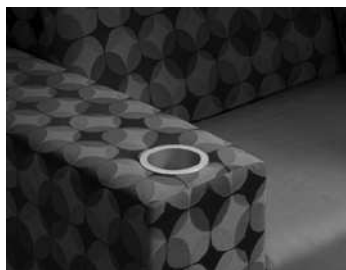

## 10" Center Console:

Power Center -back facing front  
 Drink Holder - front and center

LOUNGE

**Drink Holder-** Units with an arm or console can be specified with the drink holder option. The drink holder features a plastic base with rubber coaster and a metal trim cap.

### Drink holder (DH):

- Left or right arm with **one** drink holder per arm  
 - (add \$71 list each and indicate location)
- Console table or end table with **two** drink holders.  
 - (add \$142 list)

**NOTE: Metal trim cap color matches trim color selection; black (B), coffee (C) or silver (S)**

# Connect Freestanding Lounge - 5" Arm/20" Seat Module

**Connect Lounge features the wood back rail for added elegance.**

Expertly designed for large open spaces or cozy corridors. Connect Modular Lounge easily connects waiting with working and comfort with collaborating. Choose from unique interchangeable lounge pieces with 5/20 (5" arms/20" seat) when space is a premium. Downsized 5/20 components enjoy the same comfort in a smaller scale. Designed by David Gutgsell exclusively for JSI.

**Specifications**

- Wood Species: kiln dried Maple
- Seat has sheet webbing with cross strip webs, 4 1/4 high density polyurethane
- Back has sheet webbing with cross strip webs, 6 1/4 high density polyurethane
- Plywood construction with locking tennons, glue and screws

**To order, specify:**

1. Model number
  2. Frame finish
  3. Fabric pattern name and color
  4. Trim Color - black (B), coffee (C) or silver (S)
  5. Optional power center (EC3); Add \$264 list and indicate location in left or right arm
  7. Optional drink holder (DH); Add \$71 list and indicate location in left or right arm
  8. Optional tablet arm - indicate left (TBL) or right arm (TBR); Add \$409 list
- Note: For option details see pages 101-102**

Connect Modular Components  
*5" Arm/20" Seat Module*

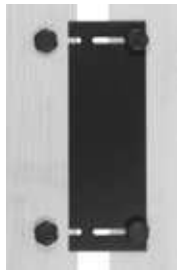

# Connect Modular Features and Options

## To order, specify:

1. Model number
2. Frame Finish
3. Fabric pattern name and color
4. Trim color - black (B), coffee (C) or silver (S)
5. Optional power center (EC3); Add \$264 list each and indicate location in left or right arm, center console or end table
6. Optional drink holder (DH):
  - Left or right arm comes standard with **one** drink holder per arm; Add \$71 list each and indicate location
  - Console, end table or console table comes standard with **two** drink holders; Add \$142 list
7. Optional tablet arm - indicate left (TBL) or right arm (TBR); Add \$409 list

**Closed**

**Open**

**Ganging Device:** Each Connect Modular Component unit includes a ganging device, providing quick connection to form limitless configurations.

When specifying Modular Component model numbers beginning with "CT93" or "CT95", the necessary ganging device is included.

(See pages 111-124)

**Contrasting upholstery** - Units can be specified with a contrasting upholstery feature. When this feature is desired the unit **will be priced based on the higher grade fabric** selected for the seat, back or arms.

When specifying contrasting upholstery, indicate clearly the upholstery to be applied to the seat, back and arms.

**Wood Base Platform-** Constructed of 1 ¼" thick Maple rails. Available in JSI finishes.

**Metal Legs-** 1 ¾" x 1 ¾" x 8 ¼" steel tube with metal leveling glide. Available in trim color - black (B), coffee (C) or silver (S) powdercoat.

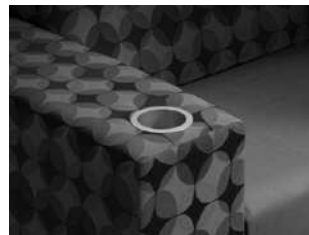

**Tables-** Center consoles, linking console tables and end tables are made of plywood construction with maple veneer surfaces with 1 ¼" thick Maple rail base platform. Available in JSI finishes.

## Option:

**Tablet Arm-** The tablet arm selection can provide a surface for paperwork or a laptop computer in a Connect unit with an arm. The tablet arm features a mechanism that will rotate 360° with fold down storage when not in use and a 10" x 18" surface.

- **Specify tablet arm option left (TBL) or right (TBR) and add \$409 list for each tablet arm specified.**

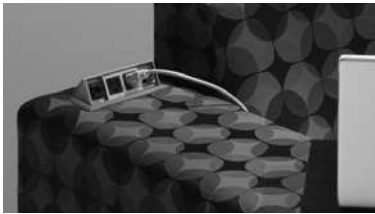

**Drink Holder-** Units with an arm, console, end table or linking console table can be specified with the drink holder option. The drink holder features a plastic base with rubber coaster and a metal trim cap.

## Drink holder (DH):

- Left or right arm with **one** drink holder per arm
  - (add \$71 list each and indicate location)
- Console table or end table with **two** drink holders.
  - (add \$142 list)

**NOTE: Metal trim cap color matches trim color selection; black (B), coffee (C) or silver (S)**

# Connect Modular Features and Options

**Power Center** - Units with an arm or console can be specified with the power center option. The power center features a touch tilt up release for access to two power and data outlets. Power is connected to building supply with a standard three prong plug. Adapter kits supplied for most data jack manufacturers. Access and storage of excess power and data wires is provided in the base of the arm or console.

**Adapter Kit**

**Power center (EC3)** - (add \$264 list each and indicate location in left or right arm or center console)

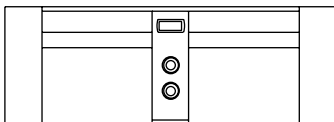

**NOTE: When trim color black (B) or coffee (C) are selected, power centers are black; when silver (S) is selected, power centers are silver.**

## Standard Option Locations:

**5" Arm:** Power Center -mid-section facing seat  
Drink Holder - front

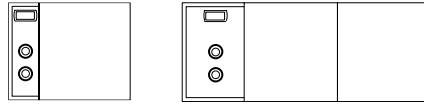

**10" & 20" Center Console:**  
Power Center -back facing front  
Drink Holder - front and center

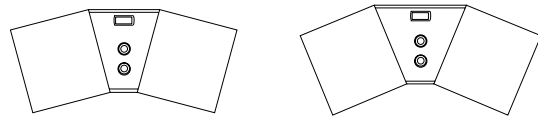

## Standard Option Locations:

**10" and 20" End Table:**  
Power Center -back facing front  
Drink Holder - front and center

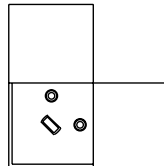

**30° and 45° Console Table:**  
Power Center - back facing front  
Drink Holder - front and center

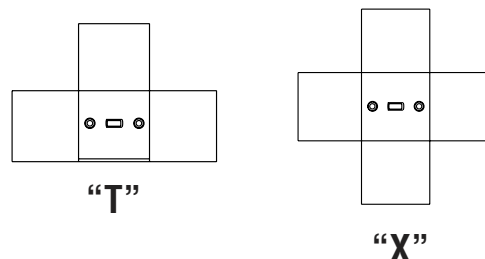

**30° Console Table**

**45° Console Table**

**90° "L" Console Table:**  
Power Center - center facing diagonal corner  
Drink Holder - center of linking edge

**90° "T" and "X" Console Table:**  
Power Center - center facing seats  
Drink Holder - center of linking edge

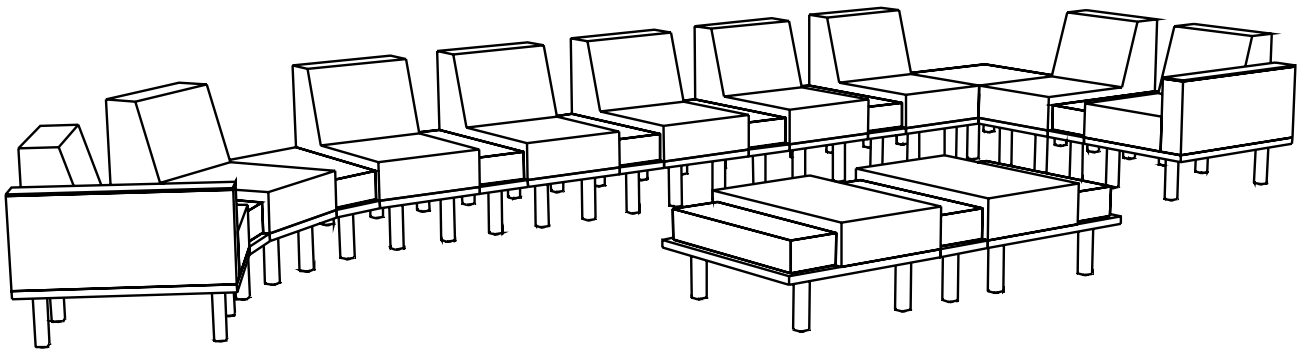

**"T"**

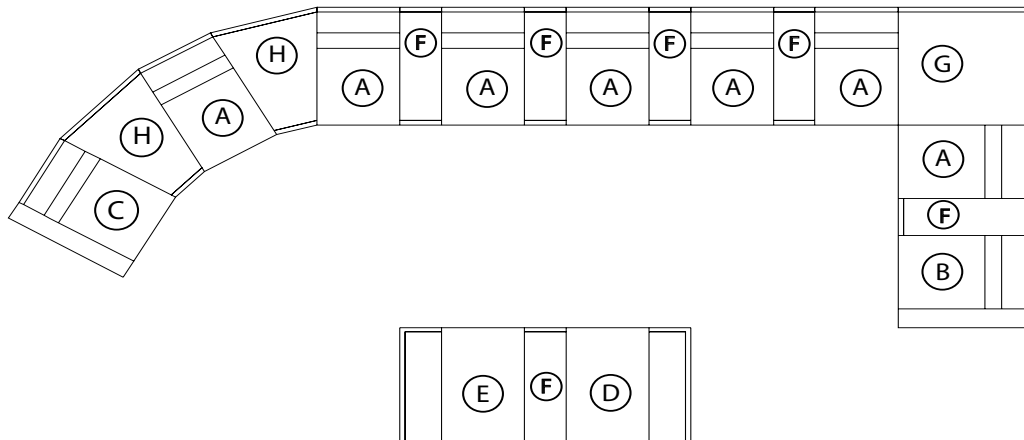

**"X"**

LOUNGE

# Connect Modular Components- 5" Arm/20" Seat Components

No wood back rail on modular components

Expertly designed for larger open spaces or cozy corridors. Connect Modular Lounge Components easily connect with ganging devices to securely link any configuration. Choose from uniquely interchangeable lounge components with 5/20 (5" arm and 20" seat) when space is a premium. The downsized 5/20 components enjoy the same comfort at a smaller scale. Designed by David Gutsell exclusively for JSI.

**Specifications**

- Wood Species: kiln dried Maple
- Seat has sheet webbing with cross strip webs, 4 1/4" high density polyurethane
- Back has sheet webbing with cross strip webs, 6 1/4" high density polyurethane
- Plywood construction with locking tennons, glue and screws
- No wood back rail on modular components

**To order, specify:**

1. Model number
2. Frame finish
3. Fabric pattern name and color
4. Trim Color - black (B), coffee (C) or silver (S)

**Note: For option details see pages 108-109**

# Connect Modular Components- Bench - 20" Seat Components

### Specifications

- Wood Species: kiln dried Maple
- Seat has sheet webbing with cross strip webs, 4 1/4 high density polyurethane
- Plywood construction with locking tennons, glue and screws

### Finish Options

#### Cherry

- CC Classic Cherry
- VC Vintage Cherry
- NC Natural Cherry
- LC Light Cherry
- EC Ember Cherry

#### Mahogany

- MM Medium Mahogany
- WM Windsor Mahogany

#### Maple

- NM Natural Maple
- CM Caramel Maple

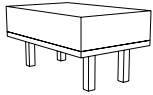

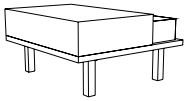

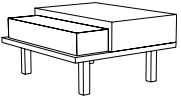

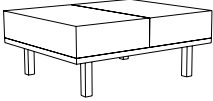

#### Walnut

- TW Traditional Walnut
- RW Royal Walnut
- DW Dark Walnut
- VW Vintage Walnut

### To order, specify:

1. Model number
2. Frame finish
3. Fabric pattern name and color
4. Trim Color - black (B), coffee (C) or silver (S)
5. Optional power center (EC3); Add \$264 list; located in end table
7. Optional drink holder (DH); Add \$142 list; located in end table

Note: For option details see pages 108-109

# Connect Modular Components- Linking Components - Benches

Connect Modular Linking Components provide added functionality to any configuration. Linking components allow the addition of a bench seat to change direction or turn a corner. These items limit the number of additional legs required, while adding functionality to the configuration. Designed by David Gutsell exclusively for JSI.

**Finish Options**

**Cherry**

- CC Classic Cherry
- VC Vintage Cherry
- NC Natural Cherry
- LC Light Cherry
- EC Ember Cherry

**Mahogany**

- MM Medium Mahogany
- WM Windsor Mahogany
