

Sierra

Workrite
ergonomics®

Workrite Sierra™ is all about range, style and flexibility. As the only sit-to-stand work center to exceed BIFMA requirements, Sierra adjusts to fit everyone. (From the 5th to the 95th percentile.)

Range Change.

With a single touch, Sierra is instantly mobile, for a quick, quiet change when you feel like it.

And no matter where you work, Sierra fits right in. Our base-only solutions adapt to any installation, any work surface—allowing you to preserve the look of your existing investment.

Rite Fit.

Thin Pin.

Sierra even comes in an equally sleek pin-set version. A smart alternative in settings where only the occasional change in seated height is needed.

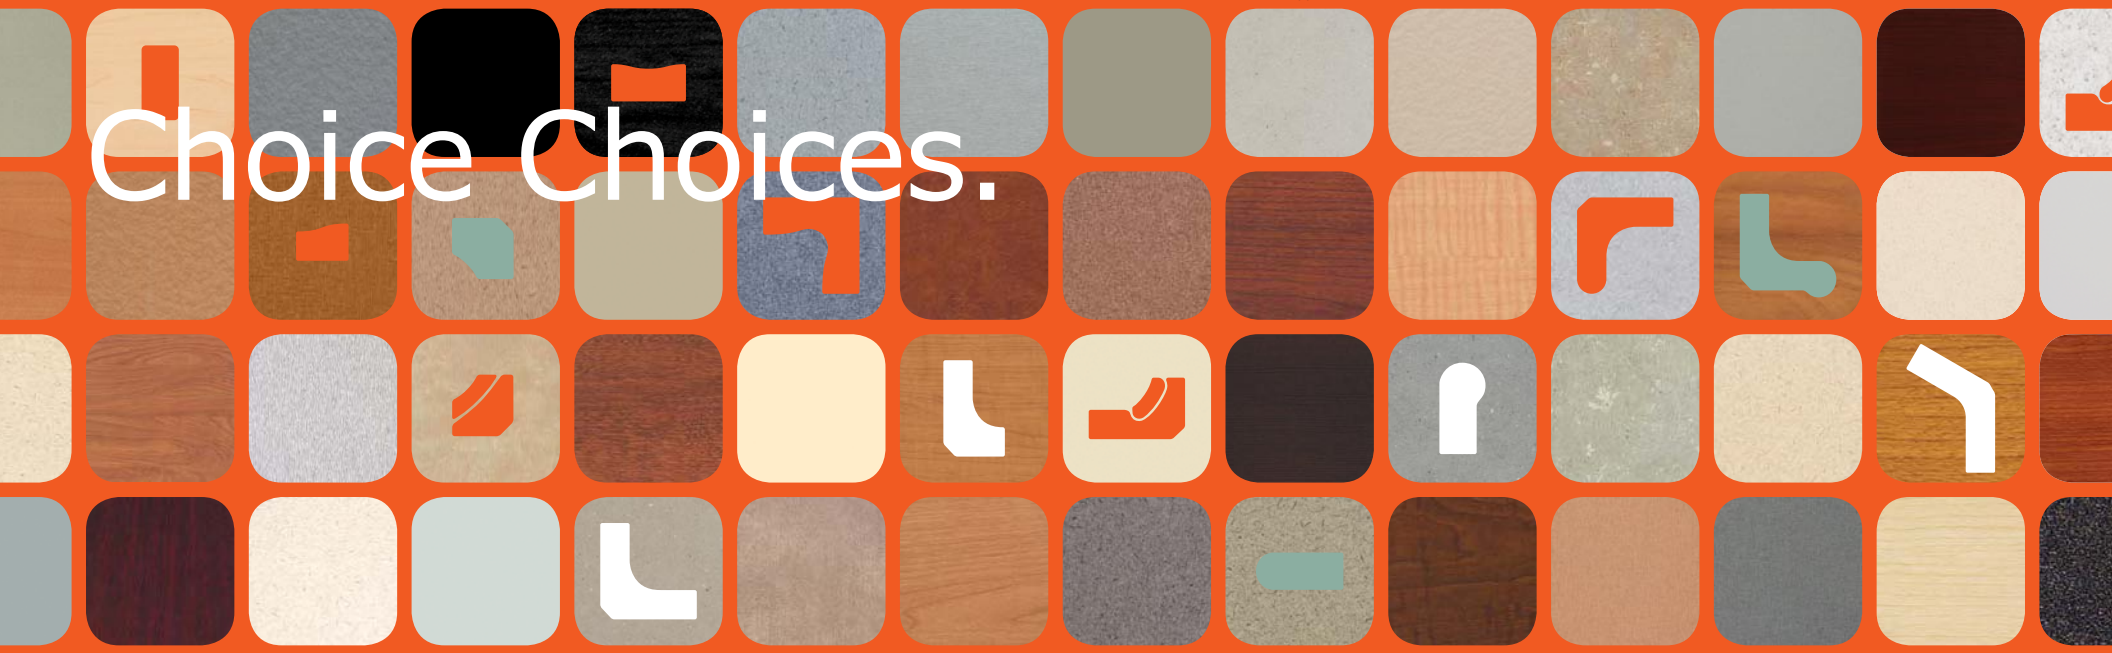

And to keep you cool and uncluttered, Sierra offers stylish accessories like our sleek new toolbar and privacy panel.

Cool Tools.

Not to mention table shapes, sizes, trim and surface colors for every taste.

Choice Choices.

> Classic collection

> Designer collection

> Thermofoil laminates

That's Sierra. Bringing sit-to-stand functionality to every user, in every environment, in its most elegant form.
