Lorca Table

Tubular metal legs and colorful, bold glides define the Lorca table. Many powder coat and (wooden) glide colors are available. Offered in a wide assortment of table top shapes, sizes and surface options such as laminate, linoleum, wood veneer or custom surfaces. Standard edge treatments include vinyl T-mold, laminate, plywood or maple edgebanding, or solid wood. Solid wood edges can be specified as eased, waterfall, bullnose, top chamfer or bottom chamfer. All tables may be specified with power/data and computer access components. Tables complement our Lorca chair for adults and children.
